

Hear Ye, Hear Ye!

October 6th 2008

I was very lucky to have employed Carol Edelen Ingley to furnish my apartment in Flamingo Park, Provo. Carol did a superb job from start to finish – I know she will do the same for you!

As a former resident of Provo, I understand how challenging it can be sometimes to get the simplest things sourced & completed! Carol pulled out all stops to find everything for me and delivered on time & intact.

I left it in Carol's capable hands to choose furnishings & décor for the apartment as she has such great local knowledge. Carol visited the apartment before sourcing any goods and also consulted with me as to what look I wanted to achieve. The finished product is extremely impressive – I was very pleased with the results.

Carol is extremely trustworthy - all purchases were explained & itemised up front before purchase and all receipts were presented at the end of the process. Every step was authorised by myself in advance which gave me great control & trust in the situation.

The best aspect for me was the trust I had in her capabilities & her knowledge of services & products on island.

I would highly recommend Carol for any further furnishing job in the islands or elsewhere.

If you have any questions regarding the services offered, please do not hesitate to contact me at maeve.collins@ireland.com.
